Kappa Tau Alpha Journalism Honor Society 1994

Highest academic average at the J.L. Kellogg School of Management 1991-1993

Retail management, including assortment, pricing, and promotional decisions; consumer shopping behavior; shopper loyalty; data analysis.

My main interest involves the modeling of phenomena important to retail decision-makers, including the shopping behaviors of their customers. My approach to the modeling of shopping behaviors builds on economic foundations but accommodates the complexities of real-world data.

I have consulted with retailers, manufacturers, and services firms on marketing and branding, retail management, data analysis and strategic planning. Clients include:

- Federal Trade Commission – Worked as a retail expert in support of federal antitrust case
- Consortium of Grocery, Drug, and Mass Merchandise Retailers – Worked as an expert on retail pricing in a price-fixing lawsuit
- Consortium of Online Travel Companies – Worked as a marketing and pricing expert in a tax liability case
- Pepsico – Worked as a retailing and consumer behavior expert in a trademark infringement case
- Johnson & Johnson and McNeil Nutritionals – Worked as an expert on pricing and

consumer choice in a false advertising case

- Colgate-Palmolive and Tom's of Maine – Worked as an expert on pricing, branding, and consumer behavior in a false advertising case
- Burlington Stores, Inc. – Worked as a retailing expert in a retail competition lawsuit
- Dillard's, Inc. – Worked as a retailing expert in a product packaging lawsuit
- Rosara Investments – Worked as a retailing expert in a retail competition lawsuit
- Softspikes, Inc. – Helped expand distribution strategy to include mass retailers
- Genuardi Family Markets – Guided the company's implementation of category management
- ACME Markets – Developed plan for the company's mystery shopper program
- Pennsylvania Chamber of Commerce – Developed, implemented, and analyzed a survey of member companies
- AstraZeneca Pharmaceuticals – Developed and presented market-share models of the company's products
- ARCIS Golf – Developed statistical models for golf property revenues
- Reliant Rehabilitation – Performed data analysis and statistical models to determine the revenue impact of changes in Medicare Part B reimbursement
- Booz Allen Hamilton – Trained consulting staff on the use of marketing models
- Radio Shack – Developed training to improve retail decision-making
- Ben E. Keith Co. – Provided training on retail promotions
- VHA, Inc. – Provided training on retail marketing
- Aegon Direct, Inc. – Provided training on retail management principles and practices
- Shaped Wire, Inc. – Provided extensive training on marketing decision-making

I have spoken about retail management, category management and consumer shopping behavior at industry conferences and trade associations to include:

- Food Marketing Institute
- International Council of Shopping Centers

- Retail Executives Association of Dallas/Fort Worth
- Wal-Mart Site Selection Conference
- Category Management Development and Marketing Conference
- SAS Institute's Datamining Conference
- SAS Institute's Marketing ROI Conference
- Price-X Pricing Conference
- Customer Focus Council (AT Kearney)
- Retail Digital Signage Conference

American Marketing Association
